Webform Message:

If I recall at the beginning of the election call, Elections Canada stated that there will be limitations on lobby groups and outside individuals discussing climate change during the election, so why then are you allowing Greta Thurnberg into Canada and Alberta before October 21st. I believe that this is in direct interference with the election.

Dear [REDACTED]

Thank you for contacting Elections Canada.

In your message of October 18, 2019, you expressed concern about possible foreign interference in the October 2019 federal general election. We apologize for the delay in responding to your message.

Elections Canada is the independent agency responsible for the conduct of federal elections and referendums. We administer the Canada Elections Act (the Act) as adopted by Parliament.

Many aspects of an election are outside the mandate and control of Elections Canada because they are not regulated by the Canada Elections Act. The matter that you describe does not fall under our mandate. A foreign citizen speaking at an event organized in Canada does not by itself constitute an instance of undue foreign influence under the Act.

If you have further questions or concerns, please do not hesitate to contact us again.

Yours sincerely,

Elections Canada
